# GROWTHEDGE — MINING —

## SECURE AND TRUSTED INVESTMENT COMPANY

You're welcome aboard!. Put your money to work, invest in  
any of our plans and start earning

## Who We Are

GrowthEdge Mining is a distinctive investment company offering our investors access to high-growth investment opportunities in Bitcoin markets and other services. We implement best practices of trading & mining of Bitcoins through our operations, while offering flexibility in our investment plans. Our company benefits from an extensive network of global clients.

## About Growthedge

Digital trading has been one of the greatest creators of long-term wealth globally, earning investors big profits over the years. Cryptocurrencies, however, and the trading of digital currencies that utilize encryption to generate money and verify transactions, have left the stock market in the dust, offering traders a wealth of trading opportunities and unlimited profit potential.

**Growthedge** was born as a result of the rapid growth in the Bitcoin trading space. This powerful and intuitive, automated trading software has enabled both new and experienced traders to profit from trading Bitcoins as well as other digital coins.

## Real Estate Investment

---

With a wide range of development, **Growthedge** is able to generate massive revenue from 84.22% of our private real estate companies and public and possible real estate companies of holdings of shares around the world. This gives us an advantage on how to distribute that profit throughout the world with the upward flow of both parts positively benefiting and this is sweet for all our investors and shareholders throughout the world as a system in which everyone wins, benefiting from an average of 64.02% of each mineral resource and benefit that reproduces our land both commercial, residential and industrial industry globally.

## Cryptocurrency & Forex Assets

Cryptocurrency Trading is the Forex of cryptocurrencies. This means, you are able to trade different bitcoin and altcoin normally for USD and BTC. Cryptocurrency Trading is an alternative way to get involved in the Crypto-World! Unlike mining, it doesn't require mining hardware nor investing in bitcoin hyips or bitcoin cloud mining (which always has risk involved in their integrity).

**Growthedge** is offering its Clients the possibility to profit, by taking advantage of cryptocurrency price movements. We make profitable trades exploiting the price difference in the open market on crypto exchanges at different times.

# Market Research

Based on the research and recommendations of our Research and Development Department in 2020, we are venturing into cryptocurrency in order to diversify and expand the horizons of our corporation and the share portfolio and dividends of our clients. The revenues of our company are expected to be nearly US \$800,000 per month depending on the variables that affect our investment and even with the Covid 19 pandemic, our clients keep on smiling as they are happy to invest with us to build their share portfolio and make more returns to their investments in such complex times for businesses around the world.

## Oil & Gas Investment

Investors looking to diversify the portfolio through sector-specific funds can find multiple opportunities within of the energy industry, and more specifically, companies operating in the sector of oil and gas drilling. It is necessary to analyze certain metrics to understand the level of profitability of a company and make decisions of informed investment.

One of the measures commonly used to determine the profitability of a company is the profit margin benefit.

## **Agricultural Investment**

In Agriculture, We have major investments in agricultural sector across four continents, across different timezones, therefore, agricultural investments for our clients are spread across different harvest seasons in several nations, that way, there's always profit to be made.

Investing in high yield agricultural crops is a strategic move that we believe in at Growth Edge Mining. We understand the potential for maximizing profits and minimizing risks through this investment approach.

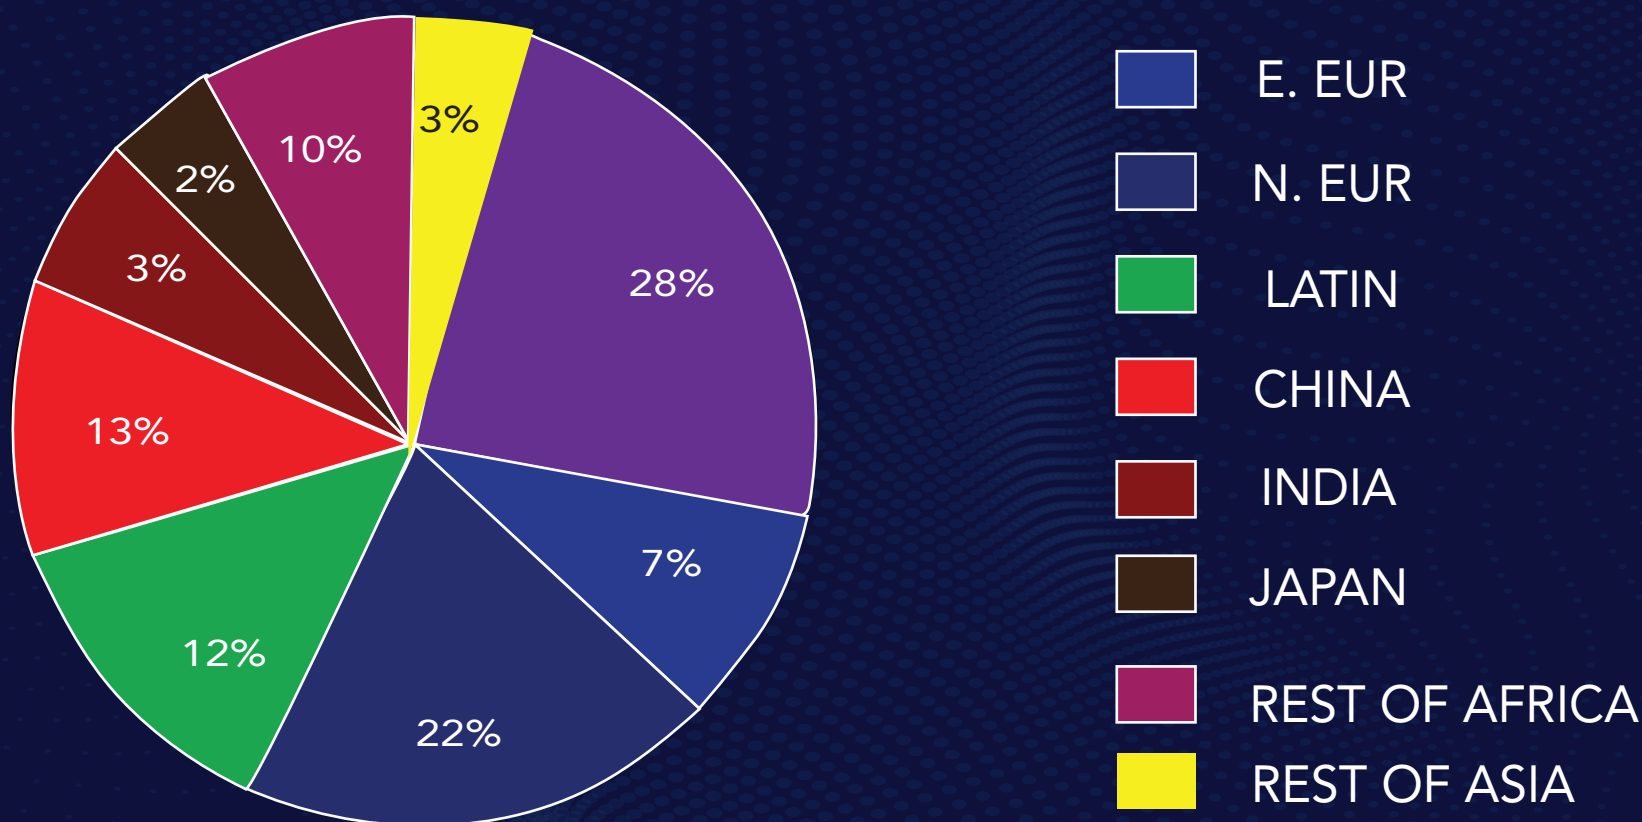

## **Financial advice & Consultancy**

At Growth Edge Mining, we provide a comprehensive financial advice and consultancy service to individuals and businesses looking to take control of their financial future. Our team of experienced professionals work with clients to assess their unique financial situation and develop tailored strategies to meet their specific goals and needs.

We understand that making important financial decisions can be overwhelming, which is why we offer a range of services, including financial planning, investment advice, and risk management.
